

*On behalf of all of us at P&G, thank you for everything you are doing to help keep communities safe and supported during this time.*

*As we all begin to transition to a new phase of working, where businesses are re-opening, charities re-establishing and community groups re-starting, we recognise that current government guidance enforces the need for social distancing, as well as the use of PPE if the 2m distance cannot be achieved.*

*We hope that our donation of face masks helps you continue this work as we all continue to respond to COVID-19.*

*We're in unprecedented times but together we will win this fight.*

*Stay safe, keep going, and thank you for everything you are doing.*

Tom Moody

Vice President, Procter & Gamble Northern Europe
